I am Adsandro Galindo, and over the past 11 months, I have immersed myself in the world of programming, with a strong focus on frontend development. I possess a solid understanding of HTML, CSS, JavaScript, and React. Furthermore, my determination and commitment drive me to achieve my goals.

My journey is defined by responsibility and a range of qualities I've acquired throughout my life. I am eager to step into the development field and firmly believe that I am on the path to becoming one of the best. I am seeking an opportunity to showcase my expertise, demonstrate my capacity for growth and evolution, and, of course, contribute meaningful outcomes to the company. I am prepared to embrace new challenges and collaborate within a team to forge a bright future in frontend development.

EXPERIÊNCIA PROFISSIONAL

Freelance

Abr 2023 - Mai 2023

Melancia, Países Baixos

I completed a freelance project for an influencer agency in the Netherlands, where I developed a comprehensive and responsive website. I crafted a modern, intuitive, and customized platform that showcases the agency's services, success stories, and influencers. Leveraging my skills in HTML, CSS, and JavaScript, I delivered a professional website that is ready for launch and poised to drive the client's business growth

Personal Project, Barcelos

Zucagram - A social network tailored for Brazilians residing in Portugal. The project aims to simplify integration and mutual support, providing a digital space where Brazilians can connect, share their experiences, and seek guidance. The interactive platform offers resources to make the adaptation process smoother and more enjoyable, covering everything from language assistance to cultural insights. As the creator, I am committed to enhancing Zucagram based on user feedback and current trends, showcasing my technical skills and empathy for fellow countrymen abroad.
