SUMMARY

I'm an avid frontend programmer with 1+ year of dedicated experience in studying and working on projects in this realm. My skill set includes HTML, CSS, JavaScript, and React, allowing me to craft interactive and responsive interfaces across various devices.

SKILLS

- HTML
- CSS
- JavaScript
- ReactJS
- Bootstrap
- Vite
- Firebase
- GitHub
- SASS

EXPERIENCE

• Social Media Zucagram

August 2023

An online platform that connects Brazilian immigrants in Portugal. Developed using React, it facilitates sharing opportunities, personal stories, and donations. Featuring Firebase authentication, efficient data management, and tailored styling for an unparalleled user experience.

CERTIFICATION

- **React: developing with JavScript**
building projects in ReactJS
- **JavaScript**
building dynamic pages
